

Message from the Chair –January 2016

Jerry 'Dutch' Forstater, PE, CSI, CET

If security is your career, then 2016 may be your most active year. Whether in sales, consulting, investigation, fabrication, integration, or monitoring; whether a CSO, CEO, Director, Security Officer, Investigator, or Law Enforcement Officer, you can take pride and probably more compensation by being part of our inclusionary, fellowship-driven volunteer association. Come join us and share your experience.

With 450 ASIS members and a total of 1,100 registrants, the Association takes pride in education and awareness. As Chair, I welcome your input to create great sessions and content.
